

Step-by-step instructions on how to apply **MIRANO™** Gel Top over any finished set of artificial nail enhancements.

1.) Clean hands with LeChat Gel Cleanser and Nail Preparation Solution. (Surface must be clean and free of oil and dust)

2.) Apply a coat of dark nail polish and let dry completely (black is recommended for best results)

3.) Using LeChat #4 or #6 Gel Brush, apply one coat of Mirano™ Gel Top. Place under UV light for 2-3 minutes.

4.) Remove from UV light and apply one coat of LeChat clear Pro•Tec™ non-cleansing gel top for a superior finish. Place under UV light to cure for 3 minutes.

5.) You're Done..!
