

Winter Flowers

NAIL ARCHITECTURE™

1. Prepare natural nail for tip application. Apply clear tips, cut, file and shape. Apply small amount of Nail Architectures' Prime Bond to natural nail only.

2. Begin by mixing 1 part Snowflakes Hologram Glitter, Silver Screen Glitter, and Ocean Breeze Glitter with Nail Architectures' Luxury Acrylic Glitter, in a separate dish.

3. Apply Acrylic mixture down from one corner of smile line to free-edge giving nail a faded look.

4. Fill in nail bed with Nail Architectures' Deco Pink Color Acrylic down to smile line. File and shape nail to desired look.

5. Clean nails, then using CM Nail Arts' White color, draw accent lines, let dry.

6. Apply one layer of Pro-Tec to entire nail and cure for 3 minutes.

7. Finish with a 3-D flower using Nail Architectures' Designer White Acrylic. Top off with a rhinestone in the center.
